# **OUR ETHOS IS BASED ON LOVING KINDNESS**

**(created by Victoria House staff August 2005)**

We believe that every child is an individual. They are precious and need nurturing so that they can learn and develop to their full potential in life. During this journey every child requires their basic needs to be met so that their experiences can be positive and happy. All children are essentially good and willing to learn, given the right opportunities and support.

The staff aim to foster a positive working ethos where all members of the team are equal. Everyone has the opportunity to share ideas, experiences and opinions, which will be listened to with tolerance and dignity. Within the Victoria House environment the staff will work as a team, celebrating the achievements together whilst still recognizing individual strengths that benefit everyone. All adults will be encouraged to reach their full potential and strive to be the best.

Victoria House staff aim to develop an honest, caring and supportive relationship with the parents and carers. It is hoped that both staff and parents/carers will work together for the benefit of the child, showing respect, understanding and tolerance of each other. Differences will be both accepted and celebrated whenever possible. Both staff and parents/carers will be approachable, non-judgemental and polite at all times.

Victoria House Centre for Early Learning aim to develop a reliable, safe and welcoming environment for all the community to enjoy. The community will be treated with respect in a non-discriminatory and unbiased relationship so that a 'safe haven' can be created which fosters an open door policy. As this relationship develops the staff hope to become a dependable, integral part of the community for the benefit of everyone.

Children have a right to an environment that facilitates their development and we aim to provide the best stage appropriate curriculum available, offering diverse opportunities for learning and having fun.

## **At Victoria House we aim to:**

- provide high quality care and education for young children.
- work in partnership with parents to help children to learn and develop;
- add to the life and well-being of its local community;
- offer children and their parents a service which promotes equality and values diversity.
- follow nationally recognised frameworks and curriculum.

## **Victoria House Nursery Celebrates Their 10th Birthday**

On the 5<sup>th</sup> September 2015, Victoria House Nursery celebrated 10 years in business. Since opening its doors in 2005, with twelve children and six members of staff, the nursery's growth has been consistent and substantial. Owned and managed by Carolyn Nicholson, who drew upon her vast experience within children's Physical Health and Education, the Nursery enjoys an exceptional reputation and demand for places is high.

It is now an award-winning establishment, with fifteen fully qualified members of staff.

The Nursery possesses top facilities, including a separate Baby Wing and outdoor space within its grounds that caters for babies up to two years old.

Furthermore, the Nursery incorporates a highly successful Pre-school curriculum, which is managed and delivered by a fully qualified Early Years Teacher.

With recent changes implemented by Tynwald, the spotlight has been shone upon Early Years Education on the Island, however, Victoria House Nursery has once again taken the lead and has been running a comprehensive Pre-school curriculum led by a fully Qualified Teacher in keeping with the Department of Education for a number of years.

The culture of the organisation as a whole is to deliver a top class education in a caring environment, equipping children with inherent personal, social and cognitive development.

The dedication of its staff towards delivering exceptional care for its children, as well as an excellent service for parents, has not gone unnoticed. In 2011 the Nursery achieved the prestigious Step Into Quality award linked to Lancashire Education Authority, which recognises all round excellence in learning provision. This was followed up with verification of continuing levels of excellence in October 2012.

In addition, the Nursery was nominated at the 2011 Isle of Man Newspapers Awards for Excellence in Customer Service. Such recognition only serves to show that the Nursery has maintained its commitment to providing a quality, multi-faceted nursery experience for all the children and parents in their care.

## **At Victoria House your child:**

- is in a safe and stimulating environment which promotes outdoor play and a healthy eating lifestyle;
- is given generous care and attention, because of our ratio of adults to children;
- has the chance to join with other children and adults to play, work and learn together;
- is helped to take forward her/his learning and development by being helped to build on what she/he already knows and can do;
- has the chance to establish the skills required for later reading and writing through phonics and well chosen stories, songs, rhymes and games;
- is helped to create habits of listening, sharing and concentration and pride in their achievements;
- is observed regularly, to ensure that your child makes satisfying progress;
- is in a setting which sees you as a partner in helping your child to learn and develop;
- is in a setting in which parents help to shape the service it offers.

## **Working together for your children:**

Victoria House has a high ratio of adults to children in the setting. This helps us to:

- create a safe and secure environment for your child;
- give time and attention to each child;
- talk with the children about their interests and activities to facilitate planning;
- help children to experience and benefit from the activities we provide; and allow the children to explore and be adventurous in safety.

## **Victoria House Staff:**

Victoria House values its staff very highly. All of our staff are fully qualified. In the interests of the staff and children, all staff members are given every opportunity to develop their personal and professional skills and to broaden their knowledge of child care practice. To facilitate this we hold regular staff meetings, encourage staff to attend both internal and external training courses and conduct regular staff appraisals.

At Victoria House we believe in hands-on leadership. The Management team are all fully involved in the day to day running of the Nursery. We pride ourselves on offering high standards in Child Care.

Victoria House also keeps itself up-to-date with best practice in early years care and education. There are information sheets on many topics available for parents to take; and the latest copy of many professional publications are available to read.

Victoria House has good links and relationships with both the Department of Education and Children and the Isle of Man college. These relationships help to facilitate best working practice and keeps us up to date with current practice.

## The Baby Wing

The Baby Wing at Victoria House consists of a purpose built suite, where your child will be cared for by an experienced, dedicated and qualified staff team.

The Baby Wing is a self contained unit. This means that your baby will always be cared for in a quiet, undisturbed and appropriate environment.

Victoria House has adopted the Early Years Foundation Stage curriculum. We have wholeheartedly adopted the principles that underpin this framework.

Those principles are:

*Parents and Families are central to the well-being of the child*

*Relationships with other people (both adults and children) are of crucial importance in a child's life*

*A relationship with a key person at home and in the setting is essential to young children's well-being*

*Babies and young children are social beings, they are competent learners from birth.*

*Learning is a shared process and children learn most effectively when, with the support of a knowledgeable and trusted adult, they are actively involved and interested.*

*Caring adults count more than resources and equipment*

*Schedules and routines must flow with the child's needs.*

*Children learn when they are given appropriate responsibility, allowed to make errors, decisions and choices, and respected as autonomous and competent learners.*

*Children learn by DOING rather than by being told.*

*Young children are vulnerable. They learn to be independent by having someone they can depend upon*

## **Toileting and Hygiene**

When your child begins in the Baby Wing, we would ask that you provide an adequate supply of nappies, wipes, creams and baby wipes. We would also ask that you provide a set of spare clothes. These must all be clearly labelled with your child's name.

## **Bottle Feeding.**

If your child is still bottle fed, we would ask that you provide an adequate number of feeds, plus at least one spare feed in case of accidents. We would ask that all of your bottles are clearly labelled. Initials on the base of the bottles will suffice.

## **Weaning Processes**

Once you start to wean your child, please speak to the staff team, so that they are aware of any preferences, food habits etc. All weaning foods should be supplied as above, again providing extra portions.

## **Early Learning**

At Victoria House, each individual child's care is structured so that the care and support is appropriate to the developmental stages and priorities of your child, not necessarily on the age your child has reached. During their time at Victoria House your child will progress through the areas of learning at their own pace.

Our whole environment is bright and inviting with lots of stimulating activities going on to make it an exciting and happy atmosphere, which encourages the children to participate and try new experiences. All of the activities feed your child's imagination and helps them to grow and think independently.

## **Moving On**

Once your child is accepted into the baby wing, that automatically assumes that he/she will move on into the main nursery when he/she reaches 2 years of age – there is no need to re-apply for a place in nursery.

As your child approaches his/her second birthday, he/she will be taken on taster visits to the main house where a key worker from the Baby Wing will supervise sessions with the age 2-3 children, so your child can get used to the new environment.

## **How parents can become involved:**

Victoria House recognises parents as the first and most important educators of their children. All of the staff see themselves as co-workers with you in providing care and education for your child. There are many ways in which parents take part in making the setting a welcoming and stimulating place for children and parents, such as:

- exchanging knowledge about their children's needs, activities, interests and progress with the staff;
- helping to provide, make and look after the equipment and materials used in the children's play activities;
- taking part in events and informal discussions about the activities and curriculum provided by the setting;
- joining in community activities in which the setting takes part; and
- building friendships with other parents.

## **Joining in:**

You can offer to take part in a session by sharing your own interests and skills with the children as a parent volunteer. For example gardening, knitting, woodwork or helping out with off site trips..

Feel free to arrange to drop in, if you would like to see us at work or to speak with the staff.

We will also be offering a variety of drop in sessions, dress-up days, parent and child sessions and other informal evening drop in sessions. Many evening sessions may be based on topics of interest, such as Early Years Education and Care, Behavioural Problems, or potty training; as well as fun nights for all the family. Our summer barbecues are always a popular event too.

You can always suggest ideas for forthcoming sessions.

## **Special needs:**

As part of the nursery's policy to make sure that its provision meets the needs of each individual child, we take account of any special needs which a child may have.

Please speak to Carolyn if you have any concerns regarding Special Educational Needs. We have an excellent working relationship with the Pre-School Assessment Centre and from 2012 it is mandatory in the UK for all Nurseries to carry out the 2-3 yrs Early Assessment checks. Please ask for details.

## **Birthdays:**

It is our pleasure to share with you in the celebrations of your child's birthday. If you would like to bring in a birthday cake for your child to share with their Nursery friends, please do so. We will of course entertain your child with a rendition of 'Happy Birthday'.

## **Newsletters:**

Regular newsletters are produced to let parents know of planned themes for the next half term, fundraising activities, and other information that the parent should be aware of.

We arrange events for parents and children to be involved in. Please check our notice boards for further information. We also have a Facebook page and website [www.victoriahousenursery.com](http://www.victoriahousenursery.com)

## **Policies:**

Copies of the our policies are readily available for you to view, and copies can be requested. Each floor has a policy folder available to parents. Please ask to view.

We are governed by Social Services and it is mandatory for us to have Terms and Conditions and a Policies file. These policies enable us to:-

- Be transparent
- Continue to review and update
- Continue to strive for excellence
- Provide the best possible quality care for child, parents and staff alike.

## **Parking:**

A dropping off area has been designated at the front of the building for your use. Please exercise great care when bringing and collecting your children.

Anyone using the car park does so at their own risk. The company does not accept responsibility for any injury, damage or loss to persons.

Please park responsibly in the marked parking bays.

## **Sickness:**

If your child becomes ill whilst at Nursery, we will take care of him/her until we make the appropriate arrangements for you to come and collect.

Our policy changed considerably following the pandemic flu scare of 2009

If your child is ill at home, please DO NOT bring him/her into Nursery. We have to adopt a zero tolerance stance on this for the protection of all the children in our care, and the staff. A child may return to Nursery 48hours after starting a course of antibiotics and we will continue to administer that for you.

We are not licensed to give Calpol. If your child requires this, then perhaps they really need to be at home.

Please refer to the exclusion guidelines for the various symptoms.

This is for the protection of the other children who attend. Parents are requested not to send their child to nursery if they are suffering from any infectious diseases. Please do not let your child bring sweets into the nursery.

## **COMMUNICATION**

Here at Victoria House we recognise that the care of young children is an extension of, and must complement, family life. To further this end parents are encouraged to take a close interest in the day to day activities of the nursery and to talk to staff whenever they feel the need. There is also a suggestion box available in the entrance hall of the nursery, where you can place any suggestions. This box is emptied and your suggestions reviewed on a regular basis.

## **COMPLAINTS PROCEDURE**

If you are worried or upset about anything, concerning your child/family, or the nursery and you wish to discuss it please make an appointment with the office.

Victoria House Nursery have a Complaints Procedure in place and details of this can be found in the entrance hall of the Nursery or in any area of the Nursery.
